Child Development Home Program - Providers Needed!

<http://www.usna.edu/MWR/Child-YouthPrograms/NSAAnnapolis-CDH-AdLandscape-2011>

CDH program offers self-employment as a child development provider to qualified persons living on and off base. Providers attend 20 hours of orientation classes including CPR and First Aid. National background checks are performed on all CDH providers. Their homes are inspected by the Naval Academy fire department, safety office and preventive medicine department. CDH program offers providers the opportunity to work in their home and watch their own children grow and develop while at the same time caring for children and earning an additional income. **CDH rates are subsidized by DoD to be comparable to Child Development Center rates.**

CDH homes provide a warm, family setting in which children can participate in developmentally appropriate learning activities and home-life experiences. The children are able to build a trusting relationship with a provider who will foster their curiosity and creativity, provide guidance and give them the hugs they need.

CDH homes have space available for new children, ages 6 weeks to 12 years old. Some providers also offer evening and weekend drop-in care. If you need child care or would like to become a provider, call the CDH Monitor at 410-293-9395.
